

Year 5 Home Learning Tasks

Email will be the only form of two-way communication during this time. If you have any urgent queries please contact your child's teacher during school hours (8.45-3.10 Mon-Fri) and they will respond to you as soon as they can.

Mr Tonkin's e-mail address: mtonkin@nanpean.cornwall.sch.uk

If your class teacher is unavailable, they will have an automated response to your email and you will then be able to contact Mr Nicholls or Miss Morton instead: head@nanpean.cornwall.sch.uk and cmorton@nanpean.cornwall.sch.uk

READING

You have taken two reading books home with you. Please find the time to read for at least **30 minutes per day**. Once finished, you may move onto any other reading material that you have at home.

Work through any Year 5 reading comprehension tasks from **Twinkl**. One has been sent home with you to start you off.

<http://www.pobble365.com/> Each day discuss with an adult or older sibling the questions from the 'Question Time' section.

WRITING

Each week you will get chance to write a text that we have already studied this year in Drinnick. This week you will be writing a **biography**. This should be of someone important or famous and can be anybody from history or alive today; perhaps your favourite celebrity? Use the internet to research the person and write your biography in the exercise book provided.

<http://www.pobble365.com/> Each day, improve the sentences found in the 'Sick Sentences' part of the tasks and write them in your book. Of course, you are also welcome to complete the other activities if you would like to keep busy!

Practise your **spellings** as often as possible using your login for the following site:

MATHS

<https://mathsbot.com/starters/numberOfTheDay>

Use this link to generate a selection of arithmetic questions to really get you thinking. Select a new number each day and record your answers in your book. The questions asked are also randomised and do vary in difficulty. Choose a number between 1 and 20 and a multiple of 1 in the top left hand corner. In the top right hand corner, I recommend selecting 8 questions and the easy level of difficulty to start with!

Practise your basic skills using your logins for the following website:

TOPIC

Our new topic for the summer term will be based around The Olympics. Find the answers to the following questions and design a poster to demonstrate what you have learnt and to help you remember these key facts.

1. Who started the Ancient Olympic Games?
2. What events did the Ancient Olympics include?
3. What similarities and differences are there between the Ancient and our modern Olympic games?

Follow the link on the school Facebook and website page to access your free parent Twinkl account. This will give you access to thousands of resources.
